The benefit will be at the Belle Glade Marina and will feature barbecued chicken, green beans, slaw, corn, bread, tea and dessert, all for \$5 a plate.

SAGE committee finds STAs viable

The Scientific Advisory Group for the Everglades (SAGE) has found that the proposed Stormwater Treatment Areas (STAs) are "a viable method" to clean phosphorus laden farm water entering the Everglades from the Everglades Agricultural Area. Their findings will be presented to the Governing Board of the South Florida Water Management District this month.

In addition, the committee concluded that "based upon the best available information provided to and reviewed by SAGE, the use of a settling rate constant of 8 meters per year is reasonable value to use in estimating the land area necessary for the construction of the STAs."

The board created SAGE last January to help give it guidance as the District seeks methods to clean up the agricultural runoff into the Everglades as mandated by the implementation of the Marjory Stoneman Douglas Everglade Protection Act and the settlement of a federal lawsuit.

SAGE Committee Chairman Rich Budell said the committee's action will not affect SAGE's plans to continue to evaluate alternative treatments.

No smoking in government buildings

All Palm Beach County government buildings are now smoke-free.

The countywide smoking policy banning smoking in county facilities became effective Feb. 1. Smoking in entryways to county facilities is also prohibited.

The passage of the revised Florida Clean Indoor Air Act during the 1992 Legislative Session made it necessary to revise the County's policy.

Smoking cessation programs and discounted prices on nicotine patches have been made available to aid county employees.

Chamber breakfast

Dr. Ed Eissey, president of Palm Beach Community College will be the guest speaker at the monthly Belle Glade Chamber of Commerce breakfast next Wednesday, Feb. 10 at 7:30 a.m.

Following the breakfast, participants in Leadership Glades will tour the college.

Commission may approve carnival for South Bay

By BRENDA BUNTING
SUN Editor

South Bay's City Commission may let a non-profit organization have a carnival in the city to raise money for at risk and low income families in the Glades.

Patti Young, financial assistance program manager for Child Care Resource & Referral, Inc. got tentative approval from the commission Tuesday night.

"We're asking your permission because you usually don't let others have carnivals," she said.

Ms. Young said her group hopes to raise \$5,000 to benefit the Parent Service Project in the Glades. The PSP provides free activities and educational workshops for over 100 families in

South Bay, Belle Glade and Pahokee.

City Manager Lester Baird discouraged the commission giving approval for the carnival, saying the city sponsors one or two carnivals at the same location on Highway 27 each year.

"We might want to have a second carnival to raise money for police cars, which as you know are in deplorable condition," Mr. Baird told commissioners.

No date was set for the event, which is expected to last for 10 days, although Ms. Young said it would be before April 15.

In other business, commissioners approved a proclamation proclaiming March 7-13 as "Save Your Vision Week" and a resolution honoring the late Thurgood Marshall.

City considers building detention facility near Glades Correctional

By BRENDA BUNTING
SUN Editor

Opportunity is knocking, says Belle Glade City Manager Lomax Harrelle, and he wants to make sure the city opens the door.

The United States Department of Justice wants to have a jail detention facility built in the area. The city is considering building the facility and subsidizing it to a management team for the operation of the center.

Mr. Harrelle told commissioners in a special workshop Monday night that the estimated cost to build the facility is \$12 million. The facility could provide 100 or more year round jobs and provide the city with an added tax base.

"One of these days some rural community is going to make a ton of money doing this and it might as well be us," he told the commission.

The city had discussed a teaming agreement with National Corrections Management, Inc. to operate the facility but that agreement ended Jan. 28 without the commission authorizing the partnership.

Monday night's workshop was to discuss the idea of the city purchasing bonds to build the facility.

"This is a good idea and there is a great demand for it," said Mr. Harrelle. "I would like to see this become a reality."

Commissioner Steve Weeks said he was

concerned about the aesthetics of a maximum security prison in the area. He said would like to see it built off the main highway so it could not be seen from the road.

Mr. Harrelle said he was looking at property south of Glades Correctional Institution and far enough off the road that it would not be visible from the highway.

Attorney John Baker said his main concerns were whether the city has the ability to provide water and sewer to the facility and what standards would be used for the building of the center.

"We need to consider what other uses the building could have if this doesn't work out," he said.

Mr. Harrelle said the building would be a maximum security facility and "when it's built, you cannot use it for anything else," but added he believes there is such a need for prisons that it would not be a wasted investment.

"How can you go wrong when there's a need?" asked Commissioner Dan Bythwood.

The commission agreed to pursue the possibility of building the facility and directed Attorney Baker and staff to look into financing and other aspects of the agreement.

The matter will be brought before the commission at the next meeting on February 8.

Juvenile charged with murder

By BRENDA BUNTING
SUN Editor

A 15-year-old Belle Glade youth has been arrested and charged with first degree murder in the death of a 39-year-old Haitian man on January 23.

The juvenile allegedly was attempting to rob Francoeur Mesilien of 544 SW 6th Street, Apt. 5, Belle Glade in the 600 block of SW Martin Luther King, Jr. Blvd.

Det. Sgt. Albert Dowdell III said the police department received several 9-1-1 emergency calls for help about 2:30 a.m. The callers reported hearing a gunshot and said a man was lying in the alley.

Patrolman Barbara Akin went to the alleyway and found Mesilien lying face down on the ground.

Mesilien had a bullet wound in his left shoulder, Patrolman Akin called for an ambulance

and Mesilien was taken to Glades General Hospital emergency room where he was pronounced dead.

Five days later, on January 28, the juvenile was identified as a suspect and brought in for questioning.

The juvenile admitted in a sworn statement that he was the person who shot Mesilien. He told police he was trying to rob Mesilien and when the man resisted he became enraged and fired one shot.

The youth said he did not get anything of value from Mesilien. He also told police he stayed in the area while medical personnel were treating the victim and then went home several hours later.

The juvenile was taken to the West Palm Beach Detention Center. He was charged with first degree murder and attempted armed robbery.

Train vs. truck...At left, the U.S. Sugar Corp. train, at center, the truck. Dead is the driver of the truck, Malden Hoffman, 59, of Rt. 2, Box 1121, Clewiston. Mr. Hoffman failed to see the warning signals at the intersection of Rogers Road and the U.S. Sugar tracks about 2.2 miles west of Miami Canal Road until it was too late, and skidded into the side of the front of the train. The truck Mr. Hoffman was driving was owned by the South Florida Water Management District.

AIDS sufferers sought for new study

Patients with AIDS in the South Florida, New York City and Research Triangle areas are sought for clinical studies with a new therapy for HIV-associated muscle weakness and HIV wasting syndrome.

A potential new drug for AIDS, known as Oxandrin (oxandrolone), is being tested to determine its ability to reverse the debilitating effects associated with the disease, including the loss of muscle strength and body mass.

The U.S. Public Health Service has estimated that AIDS this year may become the disease causing the greatest loss of human potential in the United States.

Patients suffering from HIV-associated muscle weakness -- or their physicians -- are urged to contact the study center in their area regarding participation in the controlled clinical

trials. Researchers include Dr. David M. Simpson, assistant professor of neurology at Mt. Sinai Medical Center in New York City, telephone (212) 241-8748; Dr. Joseph R. Berger, professor of neurology and internal medicine at the University of Miami, telephone (305) 547-5601; and Dr. Colin Hall, professor of neurology and medicine at the University of North Carolina in Chapel Hill, North Carolina, telephone (919) 966-5522.

Based on published medical reports and pharmacologic action of Oxandrin, researchers believe that the drug may become an important medical advance for HIV-infected and AIDS patients. Oxandrin may help reverse progressive loss of appetite, weight and muscle strength associated with AIDS.

A generous man...Joaquin Guillen (third from left) was given a plaque on Monday by the Fraternal Order of Police for his "great generosity and loyal support of FOB Belle Glade Lodge 135". From left are Sgt. Curtis Stambaugh, Police Chief Michael Miller, Mr. Guillen, owner of Belle Glade Meat Market, and Patrolman John Cook, President of the FOB.

The competition was tough...but local members of Ken Mann's Tae Kwon Do Plus class did well at the USTA National Championship in New Orleans Jan. 30. Shown on the front row, from left, are Malory Grimes, who took third place in forms, Jack Mayo, and Robert Hart III who took third place in sparring. Middle row, from left, Andrew Mann, Andy Cheek and Alex Ray, who took a third place in sparring. Back row, from left, are instructors Ken Mann and Scott Gentry. Not shown are Robert Hart II and Jason Haulcomb.

HEALTH NOTE:
Experts estimate 25% of the working population in America suffers from some sort of stress or anxiety disorder.
Most of these people however, don't do anything to relieve their problems. That can be unfortunate. Left untreated the condition can not only get worse, it can have serious physical consequences.
Fortunately, doctors now have anti-anxiety medications that can help relieve anxiety. If you're anxious out of proportion to what's happening in your life, see your doctor.

Collier Software opens in Belle Glade

A software program designed to save time and money for these individuals and businesses looking for various loan financing has been designed by a Belle Glade man.

Jerald Collier, president of Collier Software Corporation, feels strongly that his new software program will revolutionize the method for locating lenders and investors.

"If you wanted to get a small loan to start a business, where would you go after your local bank said no?" said Mr. Collier. "He wants real estate brokers and corporations to look to Lender Collection for the answer."

The IBM compatible software has instant access of over 550 direct lenders/investors, and over 140 finance project types.

It lists by investment criteria, minimum and maximum loan amounts the loan companies will give, where they're located and even a contact person.

"What we're providing is an alternative to letting your fingers do the walking. With this, you let the computer do the work," said Bruce Loving, System's Analyst for Collier Software Corp.

Mr. Collier said most of his marketing will be done in direct mail order and he has designed flyers that are going out this

week.

The software program will be updated every four months and users can add their own lenders to the program.

"I've been working on this for years," said Mr. Collier. "This has been a dream of mine."

He said the software is being marketed in Florida and Texas to begin with, but he hopes to expand later.

"This is real information that people want," he said.

Collier Software, Corp. is located at 309 N. Main Street, Belle Glade in the offices of C & M Mortgages.

Mishap scene...Wrecker operators stand by as a Chevy Blazer is pulled out of the canal behind the Shawano Pump House at Brown's Farm Road Friday. The vehicle had been operated by Carolyn Barr, 32, of Brown's Farm Road. Ms. Barr was driving along the gravel road behind the pump house when she saw a water moccasin on the floorboard of the truck. She jumped out and was injured when she hit the road. Her truck continued on into the canal. Rescue workers thought at first she had been pushed from a moving vehicle since the truck was nowhere to be seen.

ARC Golf Tournament a success, despite bad weather conditions

The Glades Area Association for Retarded Citizens successfully held its fifteenth annual Scramble Golf Tournament Saturday, January 16, despite a torrent of rain and gale-force winds blasting through the area as the golfers prepared to tee off.

The combination of playing for a worthwhile cause and the never-say-die attitude of the Belle Glade golfing community held all eighty-five golfers through a 45-minute delay.

Below are this year's winning teams:

First place
Wendi Miller, Jody Hartwick,

Kenny Canvine, Al Mills.

Second place

Mr. Atkinson did not retire

Monday.

Other prizes included a hole-in-one car, donated by Glades Ford; a four-day, three-night golf vacation at Sandestin Resort; a set of Mizuno golf clubs.

The Board of Directors of the Glades Area Association for Retarded Citizens expressed its sincere thanks to all sponsors for their support, recognized Mr. Isaac Jones for his efforts, and presented the staff of the Belle Glade Municipal Golf Course with its Community Service Award for their annual efforts to make this event a success.

New bass fishing regulations

On the fringe of spawning season for largemouth bass, the Florida Game and Fresh Water Fish Commission reminds anglers of new bass fishing regulations.

Last July the Commission placed a special daily bag limit on black bass. Anglers now are allowed to keep only one fish 22 inches or longer in an effort to restore the quality of Florida's bass fishing.

The basis for the rule change is that trophy bass have become increasingly rare, said Scott Hardin, a Commission fisheries biologist. These big fish, primarily females, need to be protected.

The new regulation should help reduce the overharvest of rare trophy bass during certain

times of the year," said Mr. Hardin.

"Bass become most vulnerable during the spring spawning season when anglers seek large female bass in shallow water."

Hardin said it's important when catching big bass to use proper catch-and-release techniques to help ensure the fish survives after it is released. Most fish caught and released properly do survive and many are caught again.

The Commission sponsors a Big Catch program to recognize anglers for catching fish that meet minimum qualifying weights. Anglers who catch a largemouth bass over ten pounds are eligible to receive a four-color fish citation. Also

special recognition is given on the citation to anglers for releasing their fish unharmed. For more information on the program, contact the Commission's regional offices.

Other new fishing regulations include:

A state wide five-fish daily bag limit.

A 14-inch minimum length limit for all waters south and east of the Suwannee River.

A 12-inch minimum length limit for the Suwannee River and its tributary rivers, creeks and streams, and all other waters north and west of the Suwannee River.

Fish may not be filleted, nor their heads or tail fins removed, until after the angler has completed fishing for the day.

A marketing dream...Jerald Collier (far left) is the owner of Collier Software Corp., a company that sells Lend's Connection software. Shown with Mr. Collier is Bruce Loving, Systems Analyst, and Jackie Martin, owner of C & M Mortgages. Collier Software is located at 309 North Main Street in the offices of C & M Mortgages.

Moccasin in truck causes woman to panic, jump: truck goes on into canal

A Belle Glade woman was injured Friday when she dove from her moving vehicle onto a gravel roadway to escape what she thought was a water moccasin on the floorboard.

Carolyn Barr, 32, of Brown's Farm Road, was driving east on a gravel road behind the Shawano Pump House checking turtle lines when she looked down, saw the snake and panicked.

She hit the gravel and slid and rolled almost forty feet, according to Palm Beach County Sheriff's Deputy John Raulerson.

Raulerson said deputies and paramedics couldn't get much information from Ms. Barr, and at first, thought she was the victim of an assault, perhaps having been pushed from a moving vehicle by someone, as there was no vehicle to be seen.

Her Chevy Blazer was in about eleven feet of water.

Ms. Barr was listed in good condition at Glades General Hospital Tuesday afternoon.

BITTIT...Glades Towing employee Don Crawford stands on the roof of a Chevy Blazer resting in about eleven feet of water behind the Shawano Pump House at Brown's Farm Road. Mr. Crawford had to dive down and hook chains on the submerged vehicle.

Guest editorial

By Kay Koehler, Division Director for the American Heart Association, Glades Division and Lester Baird, Volunteer President of the American Heart Association, Glades Division

February is "Heart Month"

Every 34 seconds, someone in our country dies of heart disease or stroke. Every 34 seconds, someone in our country is having a heart attack. That statistic is shocking, thanks to the efforts of American Heart Association volunteers, the death rate from cardiovascular diseases and stroke has declined 50 percent since 1950. Still, there is much work to be done.

The month of February brings warm thoughts to our hearts - thoughts of red roses and heart-shaped candies, loving Valentines and special memories of our dearest friends, family, and those we lean on for support through tough times. But February is also special for another reason. The President of the United States, Florida's Governor Chiles, the Mayor of Belle Glade Bill Bailey, and the Mayor South Bay, Clarence Anthony have all proclaimed February American Heart Month.

American Heart Month is an opportunity for volunteers of the American Heart Association to promote awareness of the widespread effects of heart disease and stroke to each of you. It's an opportunity to advertise prevention activities so that you can take positive steps to reduce your chances of having heart disease and stroke - lowering cholesterol, checking your blood pressure regularly, limiting the intake of fat in your diet - all of these actions could help you lead a longer and better quality life.

In Belle Glade, Pahokee, South Bay and Canal Point, over 4,000 members of your community will be educated on heart disease and stroke this year. In the schools, children

will learn about the heart, the negative effects of smoking, and how important exercise is as a lifelong activity. Gove Elementary will hold a jump roping event to illustrate just that, while helping to raise funds for research and community education programs in the Belle Glade area.

In the work place, employees will learn the benefits of adhering to a wellness program, how to deal with stress, and weight management, and employers will see a benefit in their health insurance costs, which will affect our nation's health insurance costs.

In the hospitals, doctors will have up-to-date facts and information to give patients who are at risk of heart disease or stroke, or even for those who, unfortunately, have already seen the effects of these on themselves or their family. Nurses and other professionals will have the opportunity to attend seminars for healthcare workers. And in the community, the public will be invited to free public forums and blood pressure screenings.

Now is the time to put your heart into helping others. Now is the time to put your heart into helping yourself.

The incredible, even mind-boggling drive and efforts of the volunteers in the Belle Glade area have made a difference in your community. And they would say that it has made a difference in themselves.

These volunteers know that by putting their heart into helping others, they are also helping themselves.

They know that their efforts are decreasing those shocking statistics. And they are learning how not to become a

statistic themselves, and share the word with everyone they know.

Throughout the month of February, American Heart Association volunteers will be wearing pins to signify their dedication to the fight against heart disease and stroke. If you see a volunteer, please thank them. Ask them what you can do to enrich your life and the lives of those around you.

The slogan for American Heart Month 1993 is "STEP TO IT FLORIDA!"

Please join us in "Stepping To It". Learn the risk factors and warning signs of heart disease and stroke, and then begin a simple, regular exercise program to keep your heart fit for life.

Something simple, such as walking each day, can make a big difference. Say yes to the hundreds of volunteers who are walking their blocks this month, sharing lifesaving information on stroke and asking for your support.

Most of all, take some action to improve your life. Volunteer for the American Heart Association.

Or take up an exercise program. Or start a weight management activity. Or learn CPR.

There are many ways you can join us in the fight against heart disease and stroke. Just ask.

For more information on heart disease or stroke, or if you have questions on how you can help, please call the American Heart Association at 655-8155 or ask a volunteer. Whether for yourself or for those you love, this February, this Valentine's day, "STEP TO IT!"

The solution to topless dancing

There's an easy way to put a stop to all this topless stuff they're talking about around town. It's the same bunch that hangs out at these bars every night. The same bunch.

All they gotta do is crack down on these DWI's and put a stop to all this drinking in town. Why don't they do that? Then they'd put a stop to all of it.

Editor's note: This caller is referring to a front page story in last week's *Sun* about the Banyan Tree Lounge having topless dancers on Wednesday evenings.

Caller responds to last week's *Speak Out*

I'm responding to "Why punish drug users? Yes, it is true that if they want to stop drugs being sold to our children they need to get the big guys, the dealers. But also, if you stop the demand for drugs, there won't be any 'big guys.'"

Evidently this caller's child borrowed the car and was arrested for drugs and the car was confiscated.

I think instead of this caller blaming everyone else, the caller and the child need to take some responsibility for their action.

After all, this caller raised this child, and no

one twisted his arm to buy drugs.

Palm Glades Apartments is in deplorable condition

I'm calling about Palm Glades Apartments. I moved in here three years ago and it was suppose to be an equally and racially divided complex because of federal funding.

There seem to be all kinds of problems out here, mostly section-eight housing. There are at this time less than 35 white tenant leases.

As this place is now, and they advertise it in your paper as being a great place to live, people have no respect for their neighbors.

They've torn up all the recreational facilities. There is no, nor has there ever been a jogging path, as advertised in your paper.

It seems one segment of the community out here is a disgrace. Even the middle working class are moving out.

Security here is a farce. You make complaint after complaint and they do nothing. They let people through the gate who should not be getting through. It's been open for three years and they've already had four managers. We've had shootings out here. We've had stabbings out here. The weight room has been destroyed. I've moved out of there because of all these problems. Palm Glades is Belle Glade's biggest joke.

Editor's note: This *Speak Out* was edited while hopefully retaining the caller's message.

Letters to the editor

Scholarships are available, if you know where to apply

Dear Editor:

Over 100,000 collegiate athletic scholarships are available each year to male and female high school and junior college student athletes. Contrary to popular belief, students don't have to be all state to qualify. Much of this money goes unused.

A new publication with forms, sample letters and tables of factual information is available for student athletes. It takes them step by step through the important process of getting an athletic scholarship and includes college and conference listings.

For information on how to get a collegiate athletic scholarship, send a #10 self addressed, stamped envelope to the National Sports Foundation, 611A Willow Drive, P.O. Box 940, Oakhurst, NJ 07755.

Sincerely,
Joe Tirrell
National Sports Foundation

service. Many students are not aware they can qualify and millions of valuable dollars go unused.

Giving condoms to teens does not promote promiscuity

Dear Editor:

A recent study demonstrates that "providing both information and contraception helps adolescents act more responsibly," according to John Hopkins University pediatrician Janet B. Hardy. Entitled *Adolescent Pregnancy in an Urban Environment*, the book examines 20 years of pregnancy-prevention efforts.

In one of the most successful programs, pregnancy rates dropped dramatically, while the average age at which they first had sex rose by nearly a year compared with similar teens. This firmly refutes the myth that giving teenagers contraceptives makes them promiscuous.

Sincerely,
Tom Tomlinson

Christian Day has good day

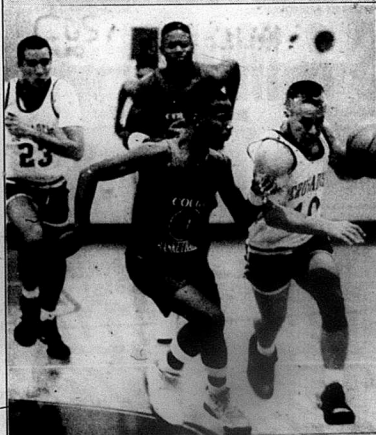

Homecoming Friday was a fine day for the Crusaders: the girls' varsity beat Sheridan Hills Sharks 40 - 25; the boys varsity beat Miami-Brito 73 - 65; and the junior varsity boys made a remarkable stand against undefeated Clewiston Middle School, losing a close game in which they led about as much as they trailed.

The Lady Crusaders got so far ahead of the Sharks that almost everybody got to play. Marshette Bowens scored 11 points and had 13

rebounds; Natalie Ruiz scored ten points; Lisa Glass had nine; Mireya de la Cerna made five points (one 3-pt); Michelle Williams and Tammy Parrish each scored two points, and Laura Shiver hit one from the line for a point.

The varsity boys fought also fought a super battle, and Calvin Bowens scored a season-high 30 points and snagged ten rebounds. Teddy Harden scored 17 points; Scott Heading scored 12 and had 16 rebounds; Moises Morales had 6 pts.

Athlete of the Week

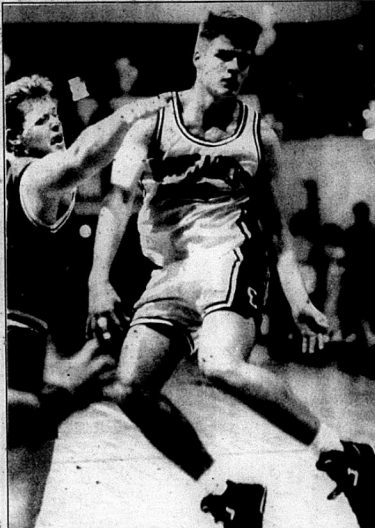

Athlete of the Week...is Christian Day School's Dan Rose, #10, seen here heading for the basket being chased by Clewiston Middle School's James Weston. That's Crusader Jonathan Morris, #23, at left rear in the picture. Rose has a 3.5 GPA and is a real hard worker for the junior varsity, says Coach Tracy Sheely. "He always hustles and motivates the rest of the team," said the coach. Rose, a starting guard, averages about seven points per game. The Crusaders lost a spectacular game to Clewiston, who is undefeated. The boys played so hard and so well, we wanted to list the entire team as Athlete of the Week. The Crusaders led Clewiston several times during the game. A Super Game! A Super Team!

He hit .364 in 91/92, with 27 RBIs. This is Valles' first year with the team and he's not yet eligible. Coach Reynolds says Valles will pitch and play second base when eligible. The two are among about 45 GCCHS students who turned out for the team this year, according to Coach Jim Reynolds. This is the fourth year for baseball at Glades Central. Coach Reynolds says he has three starting seniors returning this year.

Spelling Bee Champs

The Glades Central Spelling Bee, held Friday, January 29th, crowned these champs: freshmen Daelynn Hicks, Muna Yacub, Michael Bryant, and Kelvin McCall. Sophomores were Anthony Parrish, Lucille Trevenita Harris, John Gorsuch, and Sharika Brown.

Winning juniors included Dorothy Sims and Simona Comrie. The seniors placed Mark Crosbie, Shantell Howard, Sonya McRae, and Michael Dunning.

The county Invitational Spelling Bee will be held February 24th in the main campus' main media center. Interested parents are invited to attend as the above students compete against area rivals.

Mrs. Sonja Lutz and Mrs. Sarah Bennett, English Department members, sponsor the event with help from Mr. Richard Aho, Mr. Desmond Mahon, Mrs. Mary Alma Stevenson, Mrs. Gaylia Echols, Mr. William Smith, and other dedicated volunteers.

Students of the Week

For the week ending January 29th, the following students were honored with the title: Allyson Green, Pedro Hurtado, Nicole King, Eric Woodard, Cassandra Parker, Jose Lopez, Sarah Hightower, and Aron Posada.

For the third nine weeks, Mr. Glen Hoard and Ms. Annie Thomas are overseeing the nominations and awards.

Lady Raiders

Just one statement: Watch those roundball Ladies GO!!!

Grade Reports

Good news and bad news. Today (February 4th) grade

reports for the second nine weeks and semester were distributed during seventh period classes.

Parents, do you check for progress?

February Calendar

Lots of stuff happening, folks. Mark the calendar so you'll know the upcoming events. Nice news is that there's no school on February 15th, thanks to President's Day...or at least, that's the rumor.

Otherwise, here's part of the schedule. Two assemblies were planned, but they are TBA when and if the Gym roof ever gets fixed. More on them later. On the tenth, many FEA members will be on a field trip to FAU while sophomores may be undergoing a state mandated writing assessment test. The 17th brings the academic breakfast for the second nine weeks and the vocational breakfast follows on the 19th.

Meanwhile, winter athletic games overlap starting spring contests. Dr. Grear's monthly bulletin and calendar was so full of events, it's certain that almost everyone has some event nearly every day.

Writing Contests

Please be informed that several students at GCHS are still busily writing. Several "new" contests, mainly essays, have surfaced, and wannabe scribes are scribbling.

Topics include "Quests," "Based on English or American literature, what time period would you like to live in or visit?" and "What experience in U.S. history can help us have a more livable existence?"

Get Well Wishes

Administrators, staff, and the student body would like to wish Mr. Dan Brown, a science teacher, a speedy recovery.

Coupon Booklets

FEA and FBLA are selling the coupon booklets you've seen on TV 12. They're a real steal for \$10, with \$500 worth of coupons.

Coupons are from Burger King, Arby's, Pizza Hut, Subway, Ben Franklin Crafts, Spec's Music, and many other places. Buy one for a bargain and help "Helping our kids' campaign."

Many brought blankets, pillows and lounge chairs for comfort and took advantage of the popcorn and Cokes for sale by Student Council members.

Elementary students who made all A's and B's for the third grading term were treated to special luncheon this week in honor of their academic achievement.

Grades 3 - 6 took a special trip to Burger King last Monday and then the first and second graders gathered together for a "Gator" luncheon on Tuesday, featuring special meals from Burger King.

Basketball season is still going strong at GDS and congratulations are in order for the varsity girls, who won three games in a row this past week. After losing five seniors from last year's squad, the players have struggled this season in some heartbreaking losses.

Never ones to quit, however, they are getting it together and the hard work seems to be paying off with promising results.

They have five games left in the regular season and then enter the district tournament at King's Academy on February 12. Good Luck!

Congratulations also go to the junior high boys on their exciting victory over Benjamin last Friday! John Lee Alderman sank a basket with five seconds left in the game for the win.

All three of the boys' teams won in a tripleheader with Summit Christian last week. We wish them the best of luck also through the rest of the season.

Concerned about an aging relative or friend? Please consider the following benefits of Dennis Lee's retirement home. Knightly News

It was a busy week for the Crusaders as they prepared for their Homecoming, which was held last Friday night before the varsity basketball game against Miami-Brito.

Lisa Glass was crowned the 1993 Crusader Homecoming Queen during the ceremony. Lisa has attended GDS since her Kindergarten year; throughout her schooling career she has received several awards and honors. Lisa is a member of the National Honor Society, and holds a 4.0 GPA.

She sings in the Crusader Choir and has been selected as one of the members of the elite ensemble Cornerstone. She is a member of Key Club; and this year, she is the senior class vice president.

With all these activities, Lisa still finds the time to be involved with the athletics program at Christian Day. She plays all four sports and is the team captain for the volleyball team and co-captain on the basketball squad. Congratulations Lisa!

The other members of the senior Homecoming Court were Michelle Williams and Gena Salvatore. Michelle was escorted by her father, Mr. Kenneth Williams, and Gena was also escorted by her father, Mr. Woodie Salvatore.

Cornerstone, the auditioned singing group out of the Crusader Choir, sang the National Anthem at Friday night's Homecoming festivities. They also sang in the Sunday morning worship service at First Baptist Church for the Southern Baptist Convention's "Christian Education Week" emphasis. Great job, Cornerstone!

Tuesday, Cornerstone also performed for a group of men and women at the Pahokee United Methodist Church for their monthly luncheon and meeting.

Top Priority began its annual basketball league Saturday morning with 74 fourth - sixth graders in attendance for session one.

If you want to see a group of kids having a great time learning the basics of basketball, coaching and running a concession stand - come on up to the gym from 9 a.m. - 1 p.m.

Glass door...Blocked, won't open. Lady Crusader Jennifer Glass, right, blocks efforts by Sheridan Hills' #10, forward Ashley David, in Sunday's Christian Day Homecoming defeat of the Sharks. Jennifer is one of the Lady Crusaders we don't get to see as often as we do some of the others. She's an excellent, aggressive player for the girls team. The Lady Crusaders beat the Sheridan Hills Sharks 38 - 35 in overtime in a spectacular Homecoming basketball game.

Actors Theater group gets new perm. home

Actor's Community Theater, the Glades-based community theater group, has a new home as a result of a donation by Royal's Foundation.

A building with historic local significance has been deeded to the theater group, announced Mike Logsdon, president of the theater group. The building, located at Lake Harbor, is the site of the original Royal's Mercantile Store, predecessor or Royal's Department Stores and later, Royal's Furniture Stores. It is where Royal's founder, the late George L. Royal, brought mercantile and groceries to pioneer Glades settlers in the early 1920s.

Actors Community Theater is currently rehearsing for the Tennessee Williams American classic "A Streetcar Named Desire".

Tommy Machin and Brenda Lee have the starring roles. "Streetcar" opens for two performances February 19 and 20 at Dolly Hand Cultural Arts Center at Belle Glade. Practice is also underway for a family comedy, "Send Me No Flowers", to be produced March 12 and 13 at John B. Boy Auditorium in Clewiston.

The theater group, now in its tenth year, is an all-volunteer community actors group made up of residents of the Glades area who are dedicated to amateur community theater.

With two plays in rehearsal, the group is seeking new members.

Not only are actors needed, but also those persons who would be interested in working behind the scenes, so to speak.

Carpenters, artists, painters, writers, and others are needed to ensure the success of future productions.

Pat Machin is directing "A Streetcar Named Desire", Kaye Lasagna is rehearsing "Send Me No Flowers."

Anyone wishing to aid in the production of either of these plays is urged to contact Ms. Lasagna at Clewiston High School or Pat Machin at Glades Central Community High School.

The final presentation of the year will be "Steel Magnolias", under the direction of Mike Logsdon. Production dates are Mothers' Day weekend in May.

Rehearsals for "Streetcar" are being held in room 122 at PBCC Glades campus on Tuesday and Thursday evenings at 7:15 p.m.

Jack Daniel's Silver Cornet Band at DH

The Mayor...of Lynchburg, Tennessee. Not really, of course. Actually, he's Bob Stevens. He plays the part of the Mayor of Lynchburg in Jack Daniel's Original Silver Cornet Band, which performed Thursday, January 28, at the Dolly Hand Cultural Arts Center. The music was incredible! The band received a standing ovation after their closing number, Dixie. The song brought the audience to tears. Whenever they reappear at the Center, go see them!

Rehearsals underway

Actors...front, left to right, are Linda Scott and Brenda Lee. Ms. Scott will portray "Stella" and Ms. Lee "Blanche", in Actors Community Theater's production of "Streetcar Named Desire", to be performed February 19 - 20 at Dolly Hand Cultural Arts Center. At left rear is Pat Machin, who will direct the production. At right rear is Ralph Causseaux, who portrays "Mitch" - Howard Mitchell - in the play. Another group of actors from the Theater is rehearsing "Send Me No Flowers".

We are making one last effort to reach anyone who was not included in the door-to-door Special Census. If you were not counted during the past three weeks, we urge you to fill out the form below and send it to the U.S. Bureau of the Census. Also, encourage any friends or neighbors who were not counted, to complete and return this form.

In an effort to make this task easier for you, the City has self-addressed envelopes available at the reception desk at City Hall. If you wish to use our envelopes, just fill out the form, bring it to City Hall, and personally place your form in the provided envelope. Since Census information is **confidential**, the City cannot mail the form for you; we can only make this an easier process for you.

The Special Census is extremely important to the City of Belle Glade. Because the City receives annual revenues based on population count, we need every resident to be counted. Any extra funding derived from a successful recount will enable us to better serve the community.
